Sub-Treasury Heard to Be Left Undisturbed.

Outside Investors Want to Join the Syndicate.

It was understood this morning that the bankers who underwrote the bond usue had a quiet conference yesterday to discuss the situation. A number of banks and financial institutions that were not approached in the matter have always found them immediately effectual." intimated pretty strongly that they have rights in the matter of subscription, and

want to come in. Those who have been in from the start and who have arranged to make a lump subscription do not hold out any encouragement to those who are anxious to

join the syndicate. Of course, the outsiders have a right to submit a bid, irrespective of any lump or syndicate bid. The members of the syndicate, however, who see a small profit in the bonds if they can get them at the figure they will offer, do not care to have much outside bidding, fearing that too much competition will shave down the profits.

It is generally estimated that the bid price will be 116 1-2, which will give inrestors 3 per cent.

Up to the present it is not known just what arrangements the foreign houses that expect to take some of the bonds have made to obtain gold. Very few think gold will be brought from abroad.

If not, then the gold will probably be furnished the foreign houses by the banks

It is said that when President Stewart. of the United States Trust Company, of the United States Trust Company, saw President Cleveland in Washington he pledged his word to the latter that not a bank would take a dollar's worth of gold from the Sub-Treasury to pay for the bonds with.

It would all come from the various banks' own vaults. It was upon this assurance that the President decided to issue the bonds.

### PRICES ON THE RISE AGAIN. Market Grows Stronger Under the Lead of Sugar.

The fact that the London market was reported strong for American securities in these times," said the Comptroller, afforded encouragement to operators on "It is lucky, however, that we will have improving tendency, but their sales made the United tates issue of \$50,000,000 will

improving tend acy, but their sales made little impression upon prices, and after the first half hour speculation developed a positively firm tone.

Sugar was the leader as usual. After selling around 88 for some time it took a sudden start and rose to 891-8 on comparatively light offerings. The volume of business generally was small, but the feeling is more confident owing to the probability that the new \$6,000,000 Government loan will be largely oversubscribed.

Judging from present indications the bids from abroad will be much heavier than recently expected, private cables to leading bankers here stating that a good deal of interest is taken in London and on the Continent in the new 180,000.00 and on the Continent in the new 180,000.00 on the Con

—is made from all the diseases that come from tainted blood if the liver is roused to vigorous action, the blood purified and the system braced up with Dr. Pierce's Gulden Medical Discovery. Languer and loss of appetite, with or without Indigestion, warn you that graver ills are close behind. The "Discovery" will sharpen the appetite, improve digestion and restore health. A positive cure for "Liver Complaint," Indigestion, Dyspepsis, and Hillousness.

Mr. J. P. McADAMS, of Elon College, N. C. writes: "A few of my symptoms were heart-burn and fullness after eating, sometimes pain in my be wels, headache, poor appetite and bad taste in my mouth. At night I was feverable, with hot dushes over skin. After taking Dr. Pierce's Golden Medical Discovery I was relieved of all these symptoms and I
